EXPERIENCE

Software Engineering Course Projects

HND Program

01/2022 - 01/2023 Kandy

- Collaborated with peers on team projects, simulating real-world software development scenarios
- The projects focused on task management applications, using Java, MySQL, and Agile methodology, resulting in on-time delivery.

Online Coding Course

Various Platforms

01/2022 - 12/2022 Kandy

- Enrolled in courses covering topics like data structures
- And software design principles

Software Engineering Student Projects

ESOFT Metro Campus

2023 kandy

- Designed and implemented a task management application using Java, focusing on clean code principles and software design patterns.
- Integrated a MySQL database for efficient data storage and retrieval.
- Applied agile methodology to manage the project, delivering the final product on time.

EDUCATION

HND in Computing and Software Engineering

Successfully completed G.C.E

01/2022 - 01/2024 Anuradhapura

- (A/L) in Information Technology
- HND in Computing and Software Engineering
- Pearson Edexcel

Currently pursuing B Eng. in Software Engineering

ESOFT Metro Campus

08/2024 - 08/2024 Kandy

- Currently pursuing B Eng. in Software Engineering (August-2024)
- Diploma in English
- Diploma in IT
- Diploma in Hardware and Networking
- Diploma in Web Development

SUMMARY

Passionate and driven software engineer with a deep love for coding and problem-solving. Eager to explore new technologies, continuously improve skills, and create innovative solutions. Committed to developing efficient, scalable software that makes a meaningful impact, while embracing the challenges and learning opportunities in the ever-evolving tech landscape.
